Item 12, Remarks

This application is to provide additional water from the well under Permit 60078 and is to be commingled with the water in the application being filed concurrently, for water from the well under Permit 60079, for an additional total combined duty of 30 AFA. The water is to be utilized to expand the mining and milling operation previously described and on record at the Division of Water Resources in files 60078 and 60079. The total combined duty of the water under these two applications, and water under Permit 60078, Certificate 15443 and Permit 60079, Certificate 15444 is not to exceed 38.4 AFA.

Use map on file at the Division of Water Resources under Application 60078 to support this application.
